DIGITAL PRODUCTS | TECHNICAL SUPPORT | OPERATIONS | C2 ENGLISH

Meia Praia, Navegantes — SC, Brazil +55 (47) 9963-3905 hbrslud@gmail.com github.com/LuddEvergard3n

PROFESSIONAL SUMMARY

Bilingual professional with experience in digital products, technical and customer support, education, operations, SaaS, and CRM. Uses AI-assisted workflows to organize requirements, research, prototype, test, and document practical solutions. C2 English in professional use, with teaching and international communication experience.

PROFESSIONAL EXPERIENCE

Digital Product Specialist — Ratio Sistemas Educacionais *2026 - present*

Navegantes, SC · CNPJ 65.560.944/0001-69

- Plans and maintains educational digital products through structured, AI-assisted workflows.
- Manages Norma, a SaaS platform for structuring academic documents and generating DOCX and PDF files.
- Organizes requirements, content, testing, documentation, support, and continuous product improvement.
- Maintains accessible, multilingual educational applications with offline support.

Operations Assistant — Kerana Studio *May 2025 - May 2026*

- Managed clients, leads, records, accounts, and pending items in CRM systems.
- Provided email and chat support, including in English, and coordinated administrative and content workflows.

International Recruiter — Your Future Europa *Jul 2025 - Dec 2025*

- Screened, interviewed, and presented candidates for international recruitment processes.
- Managed CRM/ATS records and communicated professionally in English.

Technical Support (Desk Support) — Freelance *2024 - 2025*

- Hardware and software troubleshooting for end users and small businesses.
- LAN setup, OS installation, preventive maintenance, and digital security guidance.

English Teacher — Wizard by Pearson *Oct 2024 - Jun 2025*

Taught children, teenagers, and adults; monitored performance and managed academic records through Sponte CRM.

English Teacher — Voo Idiomas *Jan 2026 - Apr 2026*

Taught different learner profiles using digital activities, individual monitoring, and personalized feedback.

Private English and History Teacher — Self-employed *2021 - present*

Personalized lessons, original materials, school reinforcement, and examination preparation.

Administrative Assistant — Opus Log Serviços Ltda. *Apr 2022 - Jun 2022*

Organized documents and spreadsheets, handled internal requests, and followed pending items through resolution.

SELECTED PROJECTS

ATHENA Core — Deterministic Wargaming Engine *2026*

C++17 · Dear ImGui · GLFW/OpenGL3 · Native PDF · Make

Tactical simulation engine with Monte Carlo analysis. 1,238 military platforms across 168 JSON files, 25 categories, 9+ nations. Six integrated subsystems: Movement, Combat, Logistics, Detection, C2, Tactical AI. Bit-exact reproducibility per seed; IEEE-754 strict; PDF generation without external libraries; zero external dependencies. Linux x86_64 binaries: GUI 2.2 MB / CLI 707 KB.

Monte Carlo Pricing Simulator *2026*

C++17 · Dear ImGui · ImPlot · OpenMP · CMake FetchContent

Pricing simulator with GBM (Black-Scholes terminal log-normal) and Merton Jump Diffusion (1976) models. Online statistics via Welford's algorithm: O(n) time, O(1) memory. Background-thread simulation; UI never blocks. OpenMP: 5M paths in ~1s on 8 cores. CSV and JSON export.

ARES — Economic Simulation Core *2025*

C · Java 8 (JNI, Swing) · COBOL (GnuCOBOL)

Three-layer economic simulator: Monte Carlo engine in C (JNI), orchestration and GUI in Java (Swing, Java 8+), formal financial reports in COBOL. Java-COBOL communication via CSV; no frameworks. Deterministic seed; packageable as .exe via Launch4j.

ATLAS Enterprise v5.0 *2025 – 2026*

JavaScript ES6+ · WebAssembly (Emscripten) · Service Workers · IndexedDB · Canvas 2D

100% client-side, offline-first enterprise financial management system. High-performance computation via WASM (C compiled with Emscripten). Modules: Monte Carlo, DCF, FIRE, stress test, executive KPIs. Multi-workspace with capabilities by type. Zero telemetry; data never leaves the device.

Mini Deterministic Simulation Engine *2025*

C++20 · SDL2 · PCG32 · CMake · CTest

Engine with fixed timestep, portable deterministic RNG (PCG32), bit-identical replay per seed+inputs, and a test suite that verifies determinism via byte-by-byte state comparison. Layered architecture: core (no UI), RNG, replay, UI (SDL2).

XP Portfolio · Mini Core Banking (COBOL) · Norma — ABNT Platform *2025 – 2026*

XP Portfolio: Windows XP desktop simulation in the browser with full window manager (drag, resize, minimize/maximize), PT/EN i18n, working easter eggs, zero dependencies, zero build step. **Mini Core Banking:** COBOL banking system with append-only immutable ledger, accounting balance vs. available balance, and VSAM-style persistence. **Norma:** commercial client-side ABNT documentation platform with a Vercel + Neon + Stripe backend.

SKILLS

Support	Help Desk · Customer support · SaaS · Technical documentation
Operations	CRM · Salesforce · Sponte · Starhunter · Remote work
AI and quality	AI-assisted workflows · Functional testing · QA · Research and review
Digital	HTML · CSS · JavaScript · GitHub · Google Workspace · Microsoft Office
Languages	Portuguese — native · English — C2 · Spanish — A1 · Italian — A1

EDUCATION

Postgraduate Specialisation in Brazilian History (800h)
FACULESTE · expected 2027

Executive MBA in Cybersecurity (700h)
FACULESTE · expected 2027

B.A. in History (Teaching Track)
UNIVALI · 2023 – 2026 (in progress)

High School — Colégio Confepi · 2021

CERTIFICATIONS

IBM and ISC2 Cybersecurity Specialist — IBM / ISC2 · 2026

IBM Cybersecurity Analyst — IBM · 2026

Google Cybersecurity — Google · 2026

Ethical Hacker — Cisco Networking Academy · 2026

Cybersecurity — Basic and Foundation (144h)
Hackers do Bem / SENAI · 2026
